

Ph.D., M.Sc.

CAMILO GARCIA-TENORIO

Dr. of Engineering Sciences / Mechanical and Mechatronic Eng.

FACTS

Areas of specialization

Control Systems • Data-Driven Control
Machine-Learning Identification
Subsystem Methods • Digital-Twins
Industry 4.0 • Matlab

SKILLS

Languages

Spanish	C2	mother tongue
English	C2	
French	A2	

Interests

OS:

IT & programming

LaTeX	
MATLAB	
Linux	
python	
Julia	

SHORT RESUMÉ

- | | |
|-----------|--|
| 2020–202x | Post-Doctoral Researcher
RESEARCHER · Université de Mons
Data-driven (Machine Learning) model and control of Industrial lime production. Python and Matlab algorithm based on EDMD. |
| 2015–2021 | Ph.D. Candidate
RESEARCHER · Cotutelle - Umons-Belgium/Unal-Colombia
Extended dynamic mode decomposition • Koopman operator • Regions of attraction • Nonlinear models • Model predictive control. |
| 2010–2015 | Lecturer, Automation Salesman, Teaching Assistant, Project Manager
VARIOUS POSITIONS · Colombia
Control systems lectures • Quote and sell automation solutions • Laboratory and complimentary lectures • Automate banking solutions • Manage post-sales activities. |

DEGREES

- | | |
|------|--|
| 2021 | Philosophical Doctor in Engineering Science
Ph.D. · Umons/Unal · Bel/Col |
| 2014 | Master of science in Electronic Engineering
M.Sc. · Los Andes · Colombia |
| 2010 | Electronic Engineer
B.S. · Los Andes · Colombi |

HOBBIES

CERTIFICATES & GRANTS

- | | |
|------|-------------------------|
| 2021 | Artificial Intelligence |
| 2014 | Sales Management |
| 2010 | Project Management |

STRENGTHS

focused autonomous resilient
adaptable communication
